

Sylvania Township Fire Department

APRIL 2016 Monthly Report

Our mission is to prevent and minimize the loss of life and property damage from fire to our citizens and visitors; to provide high quality emergency medical services; to mitigate the consequences of natural and man-made disasters; and to provide non-emergency support services within our realm of expertise through highly skilled, trained and dedicated personnel.

FIRE TRAINING BUREAU

Achieving proficiency and professionalism through training and education.

Your Sylvania Township Fire Department has highly trained professionals that conduct Extensive year-round training activities to maintain and improve their skills In a variety of disciplines to help our personnel to perform the wide variety of missions they may be assigned as the role of the Firefighter-Paramedic continues to evolve.

We are continuing to develop our Training Programs to instill a standard format. During the month of April, we built upon the training that we conducted in March with an emphasis on putting the skills together while conducting Search & Rescue Drills and Down Firefighter/Saving our Own Training.

All Personnel attended training that covered Specialized Fire Rescue techniques, scenario-based, hands-on training combining multiple skills including: Forcible Entry, SCBA Confidence, Air Management, Search & Rescue, and Communications.

Inter-developmental Training was accomplished within the City of Sylvania Water/Sewer Department consisting of: Confined Space Entry; a Review of City of Sylvania Procedures, Equipment & Expectations needed in order to conduct a rescue; and a tour of the pump house at 5555 Sylvania Avenue.

We also conducted hands-on review of TW63 - Tower Competency Guidelines as we work towards more defined standard training.

Our 6 new Part-Time Firefighters also continued their Recruit Academy. Live-Fire Training was conducted on Friday April 8th, and the Academy concluded on Saturday April 9th, where Truck Company Operations were covered. The Academy comprises Phase-1 of the Recruit Training Program. During Phase-2, the Recruits will conduct a "Tour de France" during their Basic Shift Training, which will give them the unique opportunity to work as the fourth member of the crew for 2 shifts at Station #2 and 2 shifts at Station #4, with different people and on different types of apparatus. Here is where the Recruit will start to learn the basics of the Daily Schedule prior to being assigned as the third member of the crew.

FIRE TRAINING BUREAU CONTINUED

Lucas County EMS CE during April focused on a comprehensive pharmacology review of the medications that our Firefighter-Paramedics utilize on a daily basis to care for our patients and the risks during firefighting and EMS work by defining physiologic changes that take place during stress, performance of job duties, and exposure. Additionally, the resuscitation of a downed firefighter presents a special concern, and the FD-CPR techniques were covered. In the Sylvania Fire & EMS Department, 61 of our 62 full-time employees are certified as State of Ohio Paramedics.

Over 1700 hours of training were conducted during the month of April. This included 101 hours of Acting Officer Development Training, and 348 hours of Recruit Training.

The ability to improve our service is generated through many ideas and initiatives that originate from Our personnel, It is their values, energy, commitment and compassion that drive many of the Fire Training Bureau's functions, programs, and activities that support the accomplishment of our Mission of providing excellent service to the community.

Dear First Responders,

I am writing to thank you for your quick response when I called 911 on the night of Apr. 12. My husband had already died, but they acted effciently and professionally. They were very concerned about me, also, and treated me with kindness and respect. Thank you all.

Sincerely,

Connie Ryan
Eagle Trace Subdivision

Mike,

Not to worry she sent up the right price.

By the way, your crews have been awesome. Such a class act group.

Thank you again,

Jason
