

Sylvania Township Fire Department

MAY 2016 Monthly Report

Our mission is to prevent and minimize the loss of life and property damage from fire to our citizens and visitors; to provide high quality emergency medical services; to mitigate the consequences of natural and man-made disasters; and to provide non-emergency support services within our realm of expertise through highly skilled, trained and dedicated personnel.

FIRE TRAINING BUREAU

Achieving proficiency and professionalism through training and education.

Your Sylvania Township Fire Department has highly trained professionals that conduct Extensive year-round training activities to maintain and improve their skills In a variety of disciplines to help our personnel to perform the wide variety of missions they may be assigned as the role of the Firefighter-Paramedic continues to evolve.

We are continuing to develop our Training Programs to instill a standard format. During the month of May, we built upon the training that we conducted in April. The emphasis was to put the skills together while conducting evolutions operating TW63. We then shifted our focus to incorporate our newer employees to refine the hands-on skills that they need to be successful.

All Personnel attended training that covered scenario-based hands-on training combining multiple skills including: TW63 Operations & trouble-shooting; Engine Company Basic Pumps, Single line-deployment, multiple-line deployment, hose pulls & proper reloading, working from the FDC & Standpipe; Incident command and communications.

We also put the new Honeywell BWC2- X O2 meter into service. This will be attached to all First-Responder Airway Bags to assist in the safety of our Personnel and our citizens by detecting areas of low Oxygen concentrations as an additional tool to alert us of CO issues.

Our 6 new Part-time Firefighters continued their training. During Phase-2, the Recruits will conduct a "Tour de France", which will given them the unique opportunity to work as the Fourth Member of the Crew for 2 shifts at Station #2 and 2 shifts at Station #4, with different people and on different Apparatus. Here is where the Recruit will start to learn the basics of the Daily Schedule prior to being assigned as the third member of the crew.

FIRE TRAINING BUREAU CONTINUED

Lucas County EMS CE during May offered the opportunity to have Dr. Lindstrom available to discuss protocol-related topics that have been submitted over the last few months and medical/trauma skill scenarios.

Sylvania Fire & EMS currently have 61 of the 62 Full-Time Employees that are Paramedics.

Almost 1800 hours of training were conducted during the month of May.

Congratulations to Bud Crosby on his retirement. Good luck and enjoy!

Congratulations to Zach Miramontes as our newest Full-time Firefighter/Paramedic.

*The ability to improve our service is generated through many ideas and initiatives that originate from
Our personnel, It is their values, energy, commitment and compassion that drive many of the Fire
Training Bureau's functions, programs, and activities that support the accomplishment of our
Mission of providing excellent service to the community.*
