

Township Votes Aid to Groups

Three community organizations have been awarded funds by the Sylvania Township trustees.

They granted Sylvania Area Family Services a total of \$20,000, the Sylvania Community Action Team \$3,000 and the Sylvania Arts Council \$2,000.

Trustees decided against sending funds to the OSU Extension Service.

Trustee Kevin Haddad said there had been only one call from the township placed to the service and he didn't think the township was getting enough for the funds.

It was decided that John Zeitler, township administrator, will check with the extension service to determine its benefit to the township and residents before a final decision on whether funding is appropriate.
